

Lord,
This election season is over.
All that remains is for voters to cast their ballots.

Let Wisdom guide them.

It is the end after a long season.
What has been done has been done;
What has not been done;
has not been done;
Let it be.

Receive all our fears and anxieties about the future
into your transforming presence.

Give us rest to prepare for a new day
New joys, new challenges, new possibilities.

In your name we pray, **Amen.**
